Subject Fw: Port Properties list

Hello, David and Sara. Thanks for sending us the list of 27 sites you propose fit the revised definition of "Properties" that we have been discussing. Unfortunately, we cannot easily link the 27 sites on your list to our list of parcels on the excel sheet we previously sent and which I am forwarding again. We would appreciate if you would identify the properties listed on our excel spreadsheet that comprise your list. Also, for the Port affiliated properties listed on our excel spreadsheet that are not within one of your 27 sites, please supply a brief (one to two sentence) explanation why you propose you need not provide a response at this time. With this information we should be able to finalize the scope of the Port's Information Request quickly.
